Y-IT FORENSIC FIELD GUIDE · ISSUE #01

A "$100,000 FUNDED ACCOUNT" WITH A 5% DAILY DRAWDOWN IS JUST A $5,000 ACCOUNT IN A HALLOWEEN COSTUME.

Every night at 11:42 PM, thousands of smart, ambitious people wire $497 to an offshore proprietary trading portal dreaming of 90% profit splits from a laptop in Dubai.

Then the CFTC enforcement filings and cohort telemetry arrive: **98.4%** of evaluation trades never leave an internal simulated B-book server. **93.4%** of challenges breach Phase 1 or Phase 2. The median participant buys **4.2 evaluations or resets ($1,840 total Stake)**, and the **2.4%** who survive to Month 12 earn a median of **$6.40 an hour**.

INSIDE THIS 3-PHASE TEARDOWN:
- **Phase 1 (Vibrant Hope):** The 6-step brochure as sold—and the missing Step 7.
- **Phase 2 (Demolition):** 5 Amber Case Files & the 4-Metric Gate Scorecard.
- **Phase 3 (Solidarity):** Four $38.90–$55.00/hr Practical Pivots + the 120-day Visa/Mastercard chargeback manual.
